

GENCO HOLDING CO. LTD. NORTHERN POWER GENERATION COMPANY LTD. NPGCL (GENCO-III)

INTERNATIONAL COMPETITIVE BIDDING REQUEST FOR PROPOSAL

For Long – Term Operation & Maintenance (O & M) Services Contract for the 425 / 525 MW Combined Cycle Power Plant at Nandipur, District Gujranwala, Pakistan

Northern Power Generation Company Limited (NPGCL) has set up a 425 / 525 MW, Combined Cycle Power Plant at Nandipur, District Gujranwala, Punjab, Pakistan. The power plant comprises of three (03) Gas Turbine-Generators (PG9171E, General Electric) and one (01) Steam Turbine-Generator (Dongfang Electric Corporation, China). The generation capacity of the plant is 425 MW on HSFO (High Sulfur Furnace Oil) with HSD (High Speed Diesel) as start/stop fuel, however the generation capacity shall be enhanced to 525 MW after the conversion of the power plant on Natural Gas for which the works are under progress. NPGCL is interested in hiring a competent and experienced Operation & Maintenance (O & M) Contractor to run the complex with optimum Key Performance Indicators (KPIs) on long-term basis. The envisaged duration of the contract shall cover two (02) major inspections (MIs), or for twelve (12) years, whichever period is longer. Proposals are invited from bonafide, well-reputed and experienced O & M contractors/operators with appropriate background experience and sufficient engineering resources to handle the Complex Technical Requirements of tri-fuel units of at least 200 MW power plant based on furnace oil/gas as primary fuels and HSD as back-up fuel.
